SATURDAY

ROUND 1

PRO LITE:

The Pro Lite was an absolute powerhouse!! Johnny surged ahead of the competition with incredible speed, commanding the track to secure a resounding victory. The audience erupted with excitement, and Johnny's smile radiated pure joy. This victory was not just a win; it was a declaration, an exhilarating kickoff to the 2025 season that showcased his determination to succeed.

PRO 2:

Starting from the back of the pack after qualifying challenges, Johnny wasted no time charging to the front. Lap after lap, he fought his way into podium position, holding a strong thrid and eyeing the lead with intensity. It looked like a pass for the win was just a corner away, but with only two laps to go, two trucks over-rotated, creating a chain reaction that sent Johnny into the tire barrier. The incident forced a quick reset, but Johnny stayed composed, spun back around, and powered through to finish the race strong.

ROUND 2

PRO LITE:

With the momentum of Round 1 win fueling him, Johnny rolled into Round 2 ready to dominate. The track was slick and unpredictable after the water trucks rolled through, but Johnny and his Yokohama tires went to work, hunting for traction and carving out fast lines.

Staying glued to the leader, Johnny patiently waited for the perfect moment. With just three laps to go, he made his move, and once he took the lead, he never gave it back.

Thats right, back-to-back wins to launch the 2025 season!

PRO 2:

Heading into the final race of the weekend, Johnny and the team knew the Pro 2 had the speed to take the top step of the podium, and that was exactly the mission. From the drop of the green flag, the Pro 2 came alive, showing serious pace.

Johnny was flying, gaining momentum and looking locked in for a late race push. But just as he launched off the table top, a mechanical issue struck, bringing the Pro 2 to a heartbreaking stop.

The speed was there. The fight was there. And the team will be back, ready to finish what they started.
