LIONS ROARING RACEWAY

2025

PRACTICE & QUALIFYING

Fresh off a dominant weekend in Wheatland, Johnny and the team rolled into Antigo, Wisconsin, for Rounds 3 and 4 of the AMSOIL Championship Off-Road series with momentum and determination. The energy was high and the pace even higher, as Johnny came out swinging during Friday's practice and qualifying sessions—securing the fastest laps and the top spot in both Pro Lite and Pro 2. With that kind of speed early on, the weekend was shaping up to deliver more podium-worthy action.

♥ ANTIGO, WI

SATURDAY

ROUND 3

PRO LITE:

Despite qualifying as the fastest in the Pro Lite class, Johnny drew P6, a challenging position to start from. But with the Geolander A/T 4 Yokohama tires proving their dominance once again, he quickly powered through the pack, climbing to second before having to exit into the hot pit. Despite the setback, Johnny got back onto the track and powered through to secure a finish. While it wasn't what he was hoping for, it was crucial to get back out there and secure valuable championship points.

PRO 2:

In Pro 2, Johnny was the top qualifier and charged into the race battling fiercely with the top 3. After running third at the halfway point, he stayed patient and strategic, trading paint and pace to maintain his podium position. The tougher the track got, the better the A/T 4 tires performed, helping Johnny hold off a final-lap challenge to secure another impressive podium finish.

SUNDAY

ROUND 4

PRO LITE

Sunday brought no easy start, with Johnny lining up 11th after Saturday's technical issues. But it didn't take long for him to find his rhythm. Methodically picking off the field, Johnny closed in on the leaders and took control of the race just before the halfway point, despite his hood flipping up and obstructing his view. The high-speed pace eventually sent it flying off, clearing the way for a dominant second half. From there, it was smooth sailing as Johnny charged to his third Pro Lite win of the season, proving once again that setbacks don't stand a chance when grit and skill take the wheel.

PRO 2

In Pro 2, Johnny started in P5, carrying the momentum of being the fastest driver in the class all weekend. While an early-race incident dropped him back, he fought his way forward with precision and patience. The final laps brought a showdown for third, which Johnny clinched after a fierce battle. Immediately setting his sights on the front runners and closing in on the leader as the checkered flag flew. Another podium finish capped off a weekend full of excitement - and to top it off, Johnny clocked the fastest lap of the race!

WEEKEND RECAP:

What a weekend in Antigo! From battling through adversity in the Pro Lite, last to first, to locking in back-to-back podiums in Pro 2, Johnny and the team have shown relentless drive every time they hit the track. Your support means the world. We're already looking ahead and can't wait to see you at the next stop on the tour - The Big House, Crandon International Off-Road Raceway. Let's keep this momentum rolling!
